Another wonderful day for this Thursday.

We resumed filming but we had to change places because there was pruning work.

After 1h30 of work, we took a big break of 30 Min, then we did a cluedo for 2h.

The goal was really to weld the teams.

After the meal together, we went up to the Castle for a visit.

Around 4:30 pm, we went back down to the city center for the reception at the town hall.

Around 5:30 pm, we started the meeting between teachers to define the next mobilities.

At 6:30 p.m. We all eat together at school and parents who have prepared a lot of dishes and desserts.

On this occasion, we handed over the diplomas and the starting gifts.

All the child partners returned to the families as the evening progressed.

We left the school at 9am with the bus heading to Bordeaux for a tour of the city.

It was time for each team to take stock of the week spent working together on the Erasmus project "get into the Green Scene".

Saturday May 14

All the teams go back to their country as the day progresses.
